

# Trim Mask Tape

## Perforated for Easy Tear

A high quality precision masking tape with built-in plastic insert strip, for applications with flush mounted seals, and mouldings around: wind-shields, sunroofs, back/side glass, front/rear tail lights.

1

Insert strip lifts seals and mouldings away from surface area for easy painting.

2

It saves seals and mouldings, materials, time and labor.

3

Removable without residue with oven curing temperature of 150 °C (302 °F) for 1hr.

**#48321**

3/8"(2.0") x 33ft 6 rolls/box  
24 rolls/case
