Gold Mask

"Gold Mask™" is a professional quality, extremely thin, flexible, semi translucent tape with easy release paper backing.

"Gold Mask™" is ideal for custom paint works, complex graphics designs, airbrushing and lots more.

The tape cuts clean with sharp edge. It can be lifted and re-positioned without leaving any residue. It is UV and solvent resistant.

Important!

- When used with plotters, do the test cut first.
- Set the baseline at 40-45 grams of force with 45° blade.
(Make adjustments as needed.)
